

WORKPLACE ATTIRE AND DECOR

Employees have the right to personal preferences in dress and workplace décor. ICC employees are always expected to follow all Federal and State laws as well as represent the college's educational mission in a professional manner that is appropriate for the work to be performed and work setting.

The college reserves the right to further restrict dress and workplace décor for legitimate reasons relating to safety, hygiene, allergies, or environmental conditions.

Supervisors are responsible for the setting the expectations and enforcement of this policy.

Effective: 07/13/2021
